ABT Medical, Inc. Releases Data Center Reports

Bryan, Texas, Nov. 22, 2013 - ABT Medical, Inc. has released the latest SSAE 16 and Service Organization Control (SOC) 2 Type 2 reports for its hosting data center. The data center is classified as Tier 3+, which is the highest non-military rating possible. Redundant sites are located in San Diego, Calif. and Katy, Texas. These reports can be accessed at <https://www.abtserver.com/ABTdatacenter>.
